Almost everyone has old gold jewelry they either haven't worn in a long time, or pieces that are broken that they can't wear anymore. An earring without a match, tangled or broken necklaces, a gold crown your dentist removed and gave back to you, or gifts from old boyfriends or girlfriends that aren't appropriate to wear anymore

Are they doing any good sitting in your jewelry box? Convert them into CASH instead. Did you know that just one earring can be worth close to \$100? One gold crown can be worth \$75! And that's just gold. How about your diamonds? We can buy your diamonds, too! You would be amazed at the amount of money you can get for just a few pieces.

The price of gold is at historical record highs and everyone is cashing in on the opportunity to sell that old jewelry for BIG BUCKS at **gold parties**. At our scrap gold parties we pay the guests for coming, we pay YOU for inviting them, and we even give you the opportunity to earn FREE authentic Coach handbags and accessories. We have lots of ways you can make money and have fun at the same time.

Host a home party, sell scrap gold

or just attend one of our gold parties.
